

2<sup>ND</sup> ANNUAL

# COMPOSTING SEMINAR

at Mitchell Field

May 20, 2017 · 11 A.M. to 1 P.M.

Rain Date May 27

Presenters Charles Perow and Kimberly  
Scamman, P.E.

Reduce your garbage · Improve your gardens · Save the Town disposal fees

Learn the basics of back yard composting at a brown bag luncheon. Participants will learn how to balance a compost bin, what materials are compostable, and some troubleshooting. We will have compost bin mockups and the Earth Machine with order forms for a unit of your own. We will also see what can be composted from everyone's lunch leftovers! R.S.V.P to Chuck Perow at 833-6472 [cperow@town.harpswell.me.us](mailto:cperow@town.harpswell.me.us)

Charles 'Chuck' Perow manages the Harpswell Recycling Center and Transfer Station.

Kim Scamman is a professional engineer with expertise in organics recycling and agricultural-environmental design and operations.
